

For Immediate Release: September 28, 2020

School Meals at No Charge for All Children

Effective immediately, Highland County Public Schools will be serving meals at no charge to children 18 and under. The U.S. Department of Agriculture (USDA) has approved waivers for local school divisions and other federal meal program sponsors to implement the Summer Food Service Program to provide meals to children in the community free of charge through December 31, 2020. The waivers support access to nutritious meals while minimizing exposure to COVID-19.

The new school year requires a new meal application. Although school meals will be provided free to all children, school funding depends on completed meal applications. A new meal application must be completed if you have not already been notified that your student is approved for free meals. It is important to submit a completed meal application as soon as possible.

- Only one meal application is needed for each household.
- Applications are available online at www.highland.k12.va.us

Meals are available to all children including those learning in-person or virtually and regardless of race, color, national origin, sex, age or disability. For information regarding meal distribution visit our website <https://www.highland.k12.va.us/> or follow us on social media at <https://www.facebook.com/groups/HighlandCountyPublicSchools/>.

Meals will be provided, on a first come, first served basis at the following times and locations:

Tuesdays from 3 to 5 p.m. at the back entrance to the school kitchen.
